

New Haven Reads is a beautiful, simple equation: Trained volunteer tutors work one-on-one with students to build skills, confidence, and school success. Parents find a community that offers hope and support. Tutors get satisfaction, intangible joy and real hugs.

**During our 19 years of operation, New Haven Reads has distributed over 2 million books and tutored over 4,000 students.**

## The Need For New Haven Reads

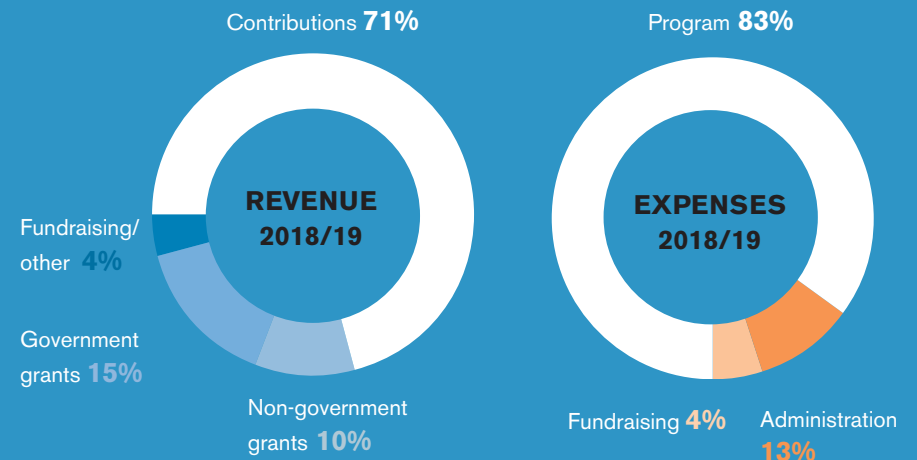

- Only one third of students in New Haven schools are at grade level for English
- Without intervention, 55% of third and fourth graders who read below grade level will fail to graduate from high school. New Haven Reads provides that intervention.
- Our program is based on the science of reading and is highly effective.
