

Resources

University of New Haven Summer Youth Academies invites local youth to participate in innovative and individualized summer programs. Some academies provide scholarship opportunities. GenCyber Agent Academy is free for all accepted participants. For more information [Click Here](#)

Horizons Summer Program at Foote is a full scholarship, six-week summer enrichment program of academic, cultural and recreational activities for children in grades Kindergarten (limited spaces in grades 1-7 but encouraged to apply) who live in New Haven and attend New Haven Public Schools. For more information [Click Here](#)

Yale Pathways to Exploring Science: Join online discussions with Yale scientists about the subjects they love. Open to students in grades 6-10. Tuesdays, 6pm-7pm. For more information [Click Here](#)
